

The Star Follows

PRATASTREN
INFOTECH SERVICES

Connecting People...

About us

We introduced Pratastren Infotech services is established 2017 as a channel partner for most of renowned brands in the field of Electronic security & Fire Safety systems to serve PAN India Locations. We are equipped with technical Support team trained with any service of our assured products, our basket containing wide range of CCTV Cameras Network components , Physical Security Solutions & BMS Solutions .

Our key products line are next generation networking switches & networking solution to critical IT infrastructure, various intelligent automation instruments & Sensor required for Integrated Building Management Systems. Fire Detection & fire alarm detectors like Smoke detectors, Heat detectors, UV/IR flame detector & Fighting equipment's for Industrial & commercial projects.

VISION

Our vision is to build Total Brand Value by innovating to deliver consumer value and customer leadership faster, better and more complete through continuous improvement driven by the integrity, teamwork, and innovation of Excellent people.

MISSION

To lead the Network industry in India with the highest standards, ensure Customer Satisfaction and development of products meet the needs of the community today, and build capabilities to raise standards to meet the needs of future generations.

VALUES

Ethics, professionalism, integrity, quality of service, innovation and trust are Excellent's core values. These values are implemented in every aspect of the company and combined with our deep understanding of the market.

Our Services

- Networking Solution
- CCTV Camera & VMS
- Electrical Solution & Cables
- UVSS/UVIS
- Power Supply
- Field Sensors
- Signages
- BMS System
- Cabling

Our Activities

The group is uniquely positioned to serve the growing needs of the Network market. Our core activities are import, distribution, promotion and marketing through integrity and professionalism, while enjoying an esteemed reputation in Network Market.

Professional Reliable & Efficient

We pride ourselves on being one of the most professional and efficient partners in our industry within India, the team is unreviled regarding experience, background training and efficiency in delivering results.

Our offices in Singapore, allow us to interface with our partners and clients to provide efficient distribution channels and well-established networks with a clear focus on the market, the founders of Excellent have a truly distinctive track record of creating market leaders in network and other sectors.

Our Channel Partners

- **Allied Telesis:** Network Components
- **Wavesys:** Cameras
- **Radix:** BMS Sensors
- **Luxriot: CCTV VMS**
(Video Management System) Software
- **Netix:** BMS Software
- **AFL:** Caballing Solutions
- **Life Safety Power with Enclosures (UL & FM Listed):** Power Supply
- **Gunnebo:** Boom Barriers, Turnstile, Full Height Turnstile, Wedge Barrier, Bollards, Gates & All types of Fire Extinguishers
- **Meanwell & Delta:** Smmps, Power supply Batteries
- **Teknoware & Innaware:** Signages

Our Products

ALLIED TELESIS: NETWORK COMPONENTS:

For nearly 36 years, Allied Telesis has been delivering reliable, intelligent connectivity for everything from enterprise organizations to complex, critical IT infrastructure projects around the globe.

Allied Telesis is recognized for innovating the way that services and applications are delivered and managed—resulting in increased value and lower operating costs.

WAVESYS: CAMERAS:

Wavesys Camera offer secured IT led security solutions thus creating a safer secured environment. As the technology markets leader, Wavesys has continually launched cutting edge technology into its products which include innovations like WaveStream, WaveVCA and WaveIR.

INNOWARE & TECHNOWARE: SIGNAGES:

Teknoware Signages provide reliable and clear emergency lighting solutions, including exit signs, directional signs, and safety symbols. Designed for maximum visibility during power outages or low-light conditions, these energy-efficient signages ensure safety in critical situations. With self-testing

features and compliance with international safety standards, Teknoware signages are ideal for a wide range of environments, from commercial buildings to public spaces.

RADIX ELECTROSYSTEMS PVT LTD: SENSORS

Established in 1980, Radix is one of India's foremost players in the field of Industrial Process Instrumentation and Automation. Radix is the leading Indian manufacturer of process control instrumentation products like PIDs, Controllers, RH, T&DP Products, FLP products, Transmitters,

Isolators, Thermocouples, RTDs, Validation ports, Level Products, Controlpanels, Pressure & temperature Gauges, Door Interlock Systems, Wireless Products etc. We undertake turnkey Automation Projects for BMS-EMS, Warehouse & HVAC Applications, etc. Radix has Customers of Pharmaceutical, Food, Chemical, Steel, Automotive, Defense Etc.

NET IX: BMS SYSTEM:

Netix AI is leading the digital transformation of energy management and automation in homes, buildings, data centres, infrastructure development and various industries. It create seamlessly connected technologies that reshape industries, transform cities and enrich lives. Netix AI connected

devices and software enable better, faster, and more reliable management of buildings, reducing energy consumption and costs up to 28% and ensuring that you control up to 84% of the building's energy consumption.

CABLING:

In telecommunications, structured cabling is building or campus cabling infrastructure that consists of a number of standardized smaller elements called subsystems.

Brands: ALF Hyper Scale, Polycab, Malex, RR Cables and KEI Cables.

LUXRIOT: VMS (VIDEO MANAGEMENT SYSTEM) SOFTWARE:

Luxriot is an open architecture Video Management System (VMS). Luxriot accepts MJPEG, MPEG4 and H264 as well as HD and megapixel video streams from Network (IP) Cameras encoders and video

capture boards. Luxriot integrated with over 2600 devices from all major manufactures.

GUNNEBO: Boom Barriers, Turnstile, Full Height Turnstile, Wedge Barrier, Bollards, Gates & All types of Fire Extinguishers.

Gunnebo provides the best and widest range of fire protection devices suitable for most fire hazards. They are being used by most of the leading companies across all sectors i.e. Residential Buildings, Commercial Buildings especially IT, Banks and financial institutions, government institutions and other major industries from cement, power, mining, chemicals, petroleum, textiles, pharmaceuticals and food & beverages sector. We offer state of the art products in 3 brands viz Minimax, GILPRO & STEELAGE Minimax.

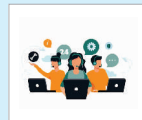

POWER SUPPLY: has been adding 10% new devices into its product lines each year. We now offer complete power supply solutions in range of 0.5W~25,600W at different grades to meet application requirements of individual industries including: AC/DC power supply, LED drivers, AC/DC battery chargers, DC/DC converters and DC/AC inverters.

PANEL ASSEMBLY:

We specialize in providing end-to-end solutions for electrical systems, including design, consultancy, manufacturing, supply, installation, testing, and commissioning. Our in-house capabilities enable us to deliver projects efficiently, with full control over

quality and timelines. We manufacture a wide range of customized electrical control panels, engineered to meet diverse client specifications across various industries. Our expertise covers Power and Control Panels, supported by strong service offerings such as LT switchgear servicing and overhauling, retrofit and upgrade solutions, and Annual Maintenance Contracts (AMC). Additionally, we provide technical consultancy to help clients choose the most appropriate and future-ready solutions for their operational needs. Whether it's an ACB/VCB service, system enhancement, or a turnkey panel solution, we ensure reliability, safety, and long-term value.

SERVICES: We have dedicated team of technocrats to implement Switching / Routing Solutions at Site. Our Engineer are well versed with active & Passive design along with BMS System design. Our team can design as per the requirement of client and Site Environment
